DETAILED ACTION

Claim Objections

1. Claim 13 is objected to because of the following informalities: 'dispoLay' should be 'display'. Appropriate correction is required.
2. Claim 14 is objected to because of the following informalities: 'si' should be 'is'. Appropriate correction is required.

Claim Rejections - 35 USC § 112

3. Claims 3,4,9,10,17-19 are rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention. It is unclear how a test sample embodies a digital circuit.
4. Claim 8 recites the limitation "said decompressor". There is insufficient antecedent basis for this limitation in the claim. There is no previous recitation of this limitation.

Allowable Subject Matter

5. Claims 1,2,7 are allowed.

Response to Arguments

6. Applicant's arguments with respect to claims 1-22 have been fully considered and are persuasive. The art rejection of these claims has been withdrawn. However, 112 rejections and claim objections are pending.
